

Steele Canyon High School Parents and Guardians PTO needs your help!

Steele Canyon PTO is looking for parents and guardians that are interested in devoting some of their time and talent for the benefit of our students and school. Qualifications are simple...a big heart and a willingness to volunteer. We have many projects throughout the course of the year that require general clerical duties, help with hospitality for special events, and assisting teachers with various projects. This year, the PTO will be attempting our first large fundraising event and that in itself will require many, many volunteers. If you can volunteer one hour or one hundred, we welcome your help.

Here are some of the areas that the PTO needs assistance. If you are interested in any particular area, please mark it and provide your information for me to follow up on. Thank you again for considering helping your student's school.

Sincerely,

Holli Nicewander
PTO President
